

PARKER GLENN

www.linkedin.com/in/parker-glenn5

OBJECTIVE

To gain experience responsibly applying data in ways that improve quality of life during a summer internship.

EDUCATION

UNIVERSITY OF CALIFORNIA, SANTA BARBARA | Expected Graduation: 2020 | 3.66 GPA

Linguistics B.A., Speech and Language Technology Concentration

Pursuing Technology Management Program Certification

De Anza College | 2016-2018 | Dean's List All Quarters

DePaul University | 2016 | Dean's List All Quarters

PROJECTS

NEWS ARTICLE CLUSTERING | UCSB DATA SCIENCE CLUB | OCT 2018 - PRESENT

- Work in Python, creating an unsupervised learning algorithm utilizing various NLP techniques to cluster news articles covering identical events
- Response to democratization of publishing ability throughout common social media aggregators
- Personally lead group meetings, communicating goals and timelines for project development

WORD STATISTICS ACROSS CORPUSES | LING 110 | NOV 2018

- Designed program that takes user-inputted word and returns examples of the word in context of multiple web-scraped corpuses, along with numerous supplementary linguistic statistics
- Utilized spaCy to derive popular syntactic heads, parts of speech, and lemma usage across corpuses with diverse levels of formality (ex. Wikipedia vs. Twitter)

WORK EXPERIENCE

Data Science Intern

Briq | May 2019 – Sep 2019

- Worked with Docker and Flask to create microservices rooted in Machine Learning concepts
- Automated tasks with Python for clients in the construction industry
- Utilized the Google Big Data suite to efficiently structure and navigate large amounts of data
